

PRESS RELEASE

15 January 2017

Support of the SSC Traditional Leaders' Stand on Talks with Somaliland

We, the patriots hailing from the SSC regions of Somalia and residing in all corners of the world, pledge our unwavering support to any action by the Council of our traditional leaders defending the inalienable rights of the SSC people for freedom, existence and self-determination and which ensures that the SSC regions remain part and parcel of Somalia. Echoing the aspirations of the SSC people at home and abroad, we specifically hereby declare our support to the decree of the SSC Supreme Traditional Leaders issued on 28 December 2016 in which, as the highest ruling body in the SSC regions, they declared their opposition to any unauthorised talks between Dr Ali Khalif and his group with the one-clan secessionist enclave calling itself Somaliland that in anyway compromise the inalienable rights of the SSC people to be free and to remain in Somalia.

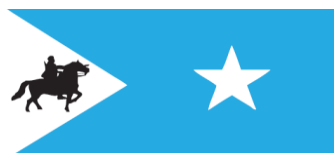

Based on the said declaration of the of the SSC Supreme Traditional leaders, we restate their stand, which reflects that of their people, as follows:

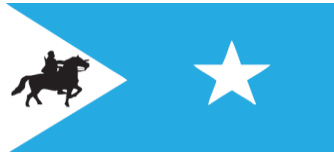

1. That Dr Ali Khalif Galaydh has lost the trust of his people by betraying their aspirations for which Khatumo was established in the first place by unilaterally engaging in acts compromising their inalienable self determination to be free and remain as part of Somalia.
2. That no bilateral talks can be held with the one-clan secessionist enclave calling itself Somaliland as long as their militia remain on SSC soil.
3. That any talks with the secessionist one-clan enclave should first have the approval of the SSC Council of Supreme Traditional Leaders as the highest authority in the SSC regions; similarly, no agreement from such talks would have any legitimacy unless again it is approved by the Council of the Supreme Traditional Leaders .

Finally, we declare our support to the SSC people at home and abroad who are defending the inalienable rights of our people to be free from occupation, domination and manipulation by neighbouring one-clan based regional administrations. In particular, our support goes to the Khatumo Badbaado group at home and abroad who are opposing any action by Dr Galaydh or others compromising the rights of the SSC people to be free from sell-out to neighbouring one-clan based administrations.
